

## High-Temperature Wire Stripper

WSB is specially designed for **stripping wire insulations made of thermostable materials** such as Teflon<sup>®</sup>, Kapton<sup>®</sup>, silicone, rubber, etc, from 34 to 16 AWG (0.16 to 1.29 mm) with temperatures up to 800 °C / 1470 °F.

WSB incorporates predetermined power levels for each type of material. In addition, it features a customizable power level mode.

This station comes with the comfortable WS440 Tweezers and it is compatible with 3 easily interchangeable W440 Blade Cartridge Range.

Cartridge customization is available to satisfy any special requirement. Contact us on [customtips@jbctools.com](mailto:customtips@jbctools.com).
